

Independent Technology Assurance, Cyber Governance & AI Advisory

Governance. Risk. Assurance. Confidence.

EXECUTIVE PROFILE

HazelGRC is an independent advisory firm helping boards, executives, audit leaders and growing organisations strengthen governance, manage technology risk, improve cyber resilience and adopt Artificial Intelligence responsibly.

As organisations accelerate digital transformation, adopt AI, expand cloud services and operate within increasingly complex regulatory environments, leaders require independent insight to make informed decisions and manage emerging risks.

HazelGRC provides practical, independent and executive-focused advisory, assurance, assessment and capability development services designed to help organisations navigate these challenges with confidence.

Mission

To help organisations build digital trust through independent Technology Assurance.

Vision

To be the UK's most trusted boutique voice on Technology Assurance, AI Governance and Cyber Oversight.

Who We Serve

- Boards and Audit Committees
- Executive Leadership Teams
- Chief Audit Executives
- Chief Risk Officers
- CIOs and CISOs
- Internal Audit Functions
- Risk Management Functions
- Technology Leaders
- SMEs and Scale-Ups
- Not-for-Profit Organisations

Our Principles

- Independent
- Practical
- Risk-Focused
- Executive-Level

WHY HAZELGRC

Boards and executives increasingly face critical questions:

- Are we governing technology effectively?
- Are our cyber risks being managed appropriately?
- Is our organisation prepared for AI adoption?
- Are technology investments delivering value?
- Are our critical services resilient?
- Does internal audit provide sufficient technology assurance?
- Are regulatory expectations being met?

HazelGRC helps organisations answer these questions through independent assessment, advisory and assurance.

THE TECHNOLOGY GOVERNANCE CHALLENGE

Organisations today face increasing cyber threats, rapid AI adoption, expanding regulatory expectations, greater board accountability, third-party technology dependencies and operational resilience requirements.

HazelGRC helps organisations navigate these challenges with confidence.

OUR PRACTICE AREAS

Technology Assurance

Independent assurance over governance, risks, controls and technology-enabled business processes.

Cyber Governance

Helping leadership teams govern cyber risk effectively.

AI Governance & Assurance

Helping organisations adopt AI responsibly, safely and confidently.

Technology Risk Advisory

Independent technology risk insight supporting strategic decision-making.

Internal Audit Advisory

Helping assurance functions strengthen technology assurance capability.

Data Privacy & Digital Trust

Supporting effective governance of privacy and data-related risks.
